School Building

School History

The institution now known as the Oviedo High School has an interesting history reaching back to 1876, when the first public school was organized with the children of three families, five Lees, and one Bobbie Shafter.

The two Lees were Theo and Wiley. Mr. Theo Lee is living here today, and tells many interesting details of Oviedo's early school days. This first school was located on the old Orlando road near Old Bear Gulley, and was taught by Miss Julia Galden.

The Nixes moved, and the school was closed, but was soon re-opened in the home of Miss Galden's mother, about the location now known as Clonts Quarters.

A third school was soon opened in an abandoned double-pen log house located in front of what is now Dick Mitchell's residence. This was taught by a lady of forgotten name from Georgia. The next year Miss Myrtle Harris from Sanford taught, but the next, not enough pupils were available for a school. Mr. Lee and his brother were then boarded down at Ft. Christmas for the next two years, so they might attend school there, Christmas being the nearest school to Oviedo. This was in 1887.

The third school house in Oviedo was built at Brack Pond on or near the site of the present handsome residence of Mr. Ted Estes. Later the building was changed into a residence, and it has recently been greatly enlarged and improved into an attractive residence, occupied by Mr. Thos. Daniell, Sr.

This school on Brack Pond was taught by Mr. Wallace Somerville, and he was followed by Mr. Jim Caruthers, who, according to Mr. Lee, chewed tobacco all the time. Miss Margaret Dart, a Canadian taught here later.

In the early '90's, the building now occupied by the colored school was built south of town in the neighborhood of the Pat Brown residence today, but on the opposite side of the road, and a little farther south. This was a two room good frame building, and its first teacher was Miss Jessie Brown.

In the summer of 1899, this building was moved to a new site east of B. G. Smith's residence and was improved by the addition of a third room. Some of the oldsters

here remember that Mr. John McCulley had the contract to move it for the sum of \$100. A few years later this building was again moved to the present site of Oviedo High School. It is interesting to recall the names of many of the teachers who labored in this building. They are the following: Miss Proctor, Miss Steinmeyer, the grandmother of Warren McCall, Junior, who is a senior in O. H. S. this year, Miss Ruth Bumby, Mrs. Beyer, our own T. W.

Lawton, Miss Ethel Delaney, Miss Rinalden, Mr. Dollins, Miss Annie Hinkle, Mr. M. J. Okerlund, Mr. Hatch, Mrs. Nita Crawford, Miss George Lee, Miss Julia Lee.

In 1922, this building again was moved to the colored section of town, and made into a high school for progressive colored citizens. In 1922, also our present brick building of four rooms and auditorium was constructed. It has had five more rooms added since, as well as an agricultural building, a gymnasium, a lunch room, and a shop. The whole plant houses a fully accredited high school today, as well as the elementary grades. The campus is spacious and contains excellent tennis courts, baseball field, and ample playgrounds for the elementary children.

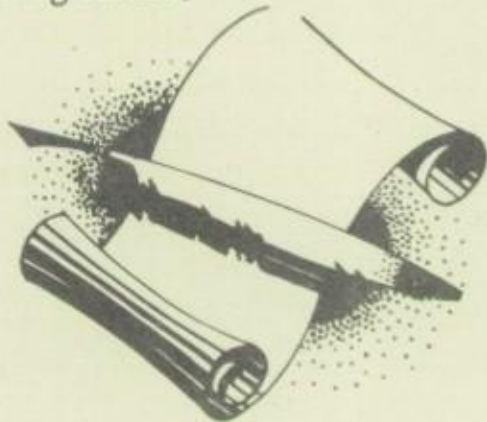

Mr. W. A. Teague, our popular and efficient principal, has served in his present capacity for nine years. He was preceded by several excellent principals, who laid the ground work for a good high school. Notable among these was, H. J. Laney, who was first to have the school accredited. He was followed by ten years of faithful and efficient work by Mr. R. F. Cooper, now one of the county school trustees.

Our students make good in college, and at one time, Oviedo had six students in college on scholarships won by competitive examinations. Some of the finest citizens of the town Of Oviedo, the county, the state, and the nation have been through Oviedo High School. Some of them are going to deserve a place in WHO'S WHO IN AMERICA.

A Parent-Teachers' Association was organized about 1924. It has been a great asset to the school, organizing our first lunch program and purchasing our first movie machine. It has provided play ground equipment, health clinics, stage furniture, and has done many other valuable things, not the least of which have been the excellent programs provided for the meetings.

Oviedo citizens are proud of their school, its history, its accomplishments, and its promising future.

Annis C. Thompson
Teacher in Oviedo High School
for thirty three years.

Leona: "Sorry I'm late. I'll be dressed in a moment."

Johnnie: "No hurry now, I'll have to go home and shave again."

Corporal Duda: "Now, Private, if you stood with your back to the north, and your face to the south, what would be on your left hand?"

Private Wheaton: "Fingers."

Bo: "This party is awful dull. I think I'll go home."

Mickey: "Fine old boy, that will sure help."

Shirley: "Coach, what do you call a man who drives a truck?"

Coach: "That all depends on how close he comes to me."

Cornelia: "Whenever I'm in the dumps, I get myself a new hat."

Georgene: "I was wondering where you got them."

Lost: A five dollar bill by a working woman tied in a knot.

Lost: Green fountain pen by a man half full of ink.

For ourselves and for all the alumni of the school we wish to express our very deep and heartfelt appreciation to Mrs. Annis C. Thompson for the unselfish service to us which she has rendered for the last thirty four years. Her influence will reach out into the coming years in a never ending flow through the students whose lives she has helped to mold. We hope that her years of retirement will be many and that they will be filled with the happiness and rest that she well deserves.

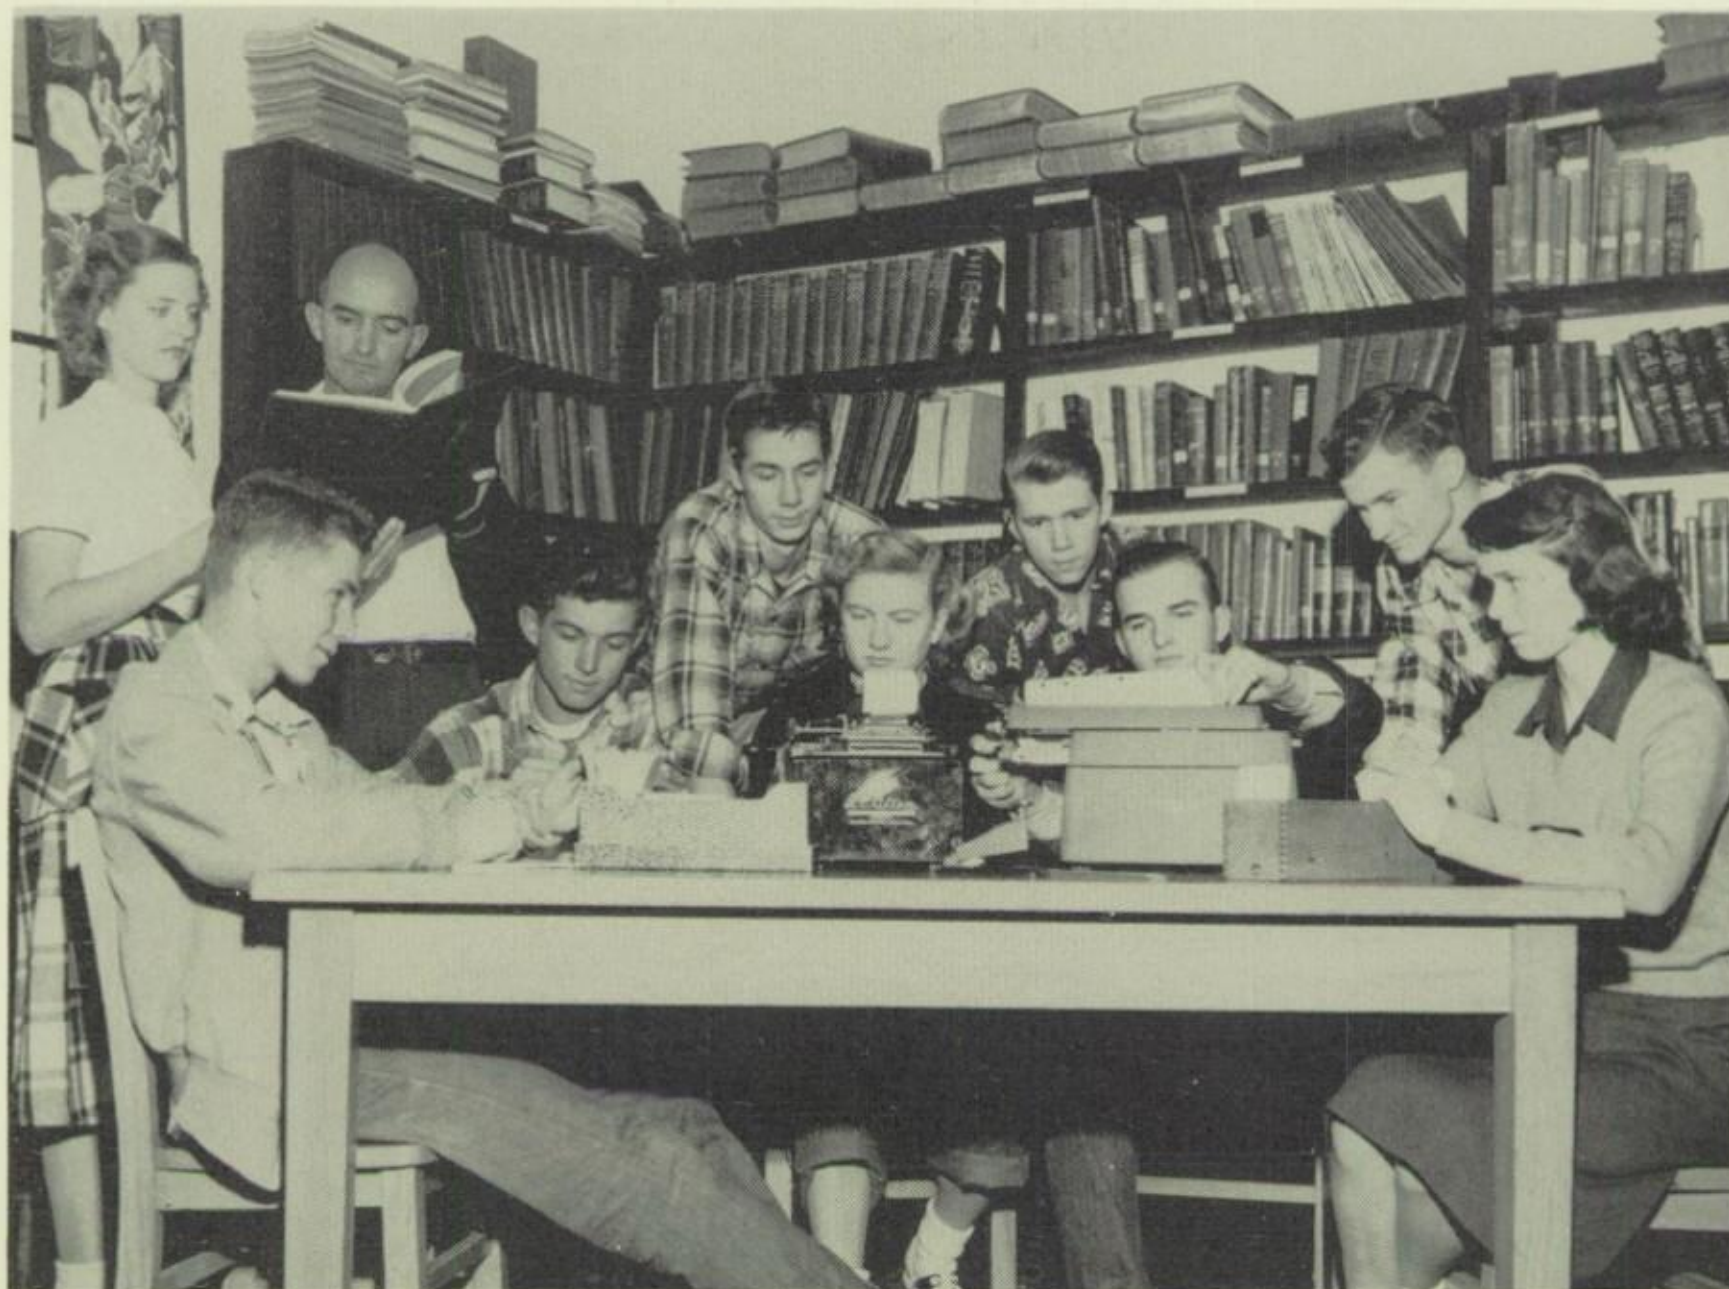

We Salute

We wish to pay tribute to our retiring superintendent, Mr. T. W. Lawton, whose predominating interest for thirty five years has been the schools of Seminole County. Under his supervision we have kept abreast with progress in the educational world so that we are better prepared to meet the problems we face after graduation. The personal contacts we have had with him have made us able to call him friend as well as benefactor. May the pleasures of his retirement equal the service he has given to the schools.

Class History

In nineteen forty one our little class began its long struggle with twenty four students, who were to be guided by Mrs. Marguerite Partin.

They were as follows: Andrew Aulin, Walter Duda, Daniel Gore, Elmore Green, Ivan Jakubcin Donnie Kasell, Kenneth Malcolm, Raymond McConaha, Billy Meek, Charles Murphy, Jimmie Raulerson, Wayne Williams, La Monte Flesher, James Crowley, Reta Bush, Betsy Ann Carter, Margaret Ann Faulk, Earlist Saucer, Cornelia Weitmon, Hildegard Valtin, Marie Bailey, Margaret Hobby, Betty Jo Hart, Marion Gore.

In our second year of school during nineteen forty two and three, we lost the following: Andrew Aulin, Daniel Gore, Elmore Green, Kenneth Malcolm, Raymond McCohaha, Billy Meek, Charles Mruphy, Wayne Williams, La Monte Flesher, James Crowley, Reta Bush, Betsy Ann Car-

ter, Margaret Ann Faulk, Hildegard Valtin, Margaret Hobby, Betty Jo Hart, Marion Gore. We greeted into our class Joe Hutchinson and Gene Wilkes. We had as our teacher Miss Aldred Cone.

In the school year of nineteen forty three and forty four, our class lost Marie Bailey, Earlist Saucer, Jimmie Raulerson, and Joe Hutchinson. We gained La Monte Flesher, Jerry Walasky, Daniel Walasky, and Marion Gore. To guide us through this year was Miss Anabell Benepe

Here we are in the fourth grade now, and only ten strong. Mrs. Ida Watson was our teacher. This year we lost La Monte Flesher, Jerry Walasky, Daniel Walasky, and Marion Gore. Into our class came, Dealon Tindell, Joanne Samples, Earlist Saucer, Fekel Kandra, and Mary Smithson.

In our fifth year, nineteen forty five and six, we had as our teacher, Mrs. Lucille Wells. This year we lost Dealon Tindell, Earlist Saucer, and Fekel Dandra. We gained Earl Driggers, Charlotte Buchanan, Mittie Fleming, Marion Gore, Julia Messex, Robbie Slaughter, and JoAnn Fleming.

In our sixth year having Mrs. Ruby Lindsey as our teacher, we lost Julia Messex and Robbie Slaughter. We gained Harvey Lane, Richard McMahan, Bobby Watson, and Waunelle Shofner.

Upon entering Junior High School, we had as our teacher, Miss Thelma Lee. During this year we lost Earl Driggers, Harvey Lane, Richard McMahan, Bobby Watson, Charlotte Buchanan, Marion Gore, Mittie Fleming, Joanne Samples, and Waunelle Shofner. We gained James Fulghum, Wendell Hill, Alfred Link, Bobby Peacock, Charlie Peacock, and Annette Everett.

In our eighth year we had Mr. Paul Mikler as our teacher, and lost the following members: James Fulghum, Don Kasell, Annette Everette, and Mary Smithson.

We gained La Monte Flesher, Norman Fore, Jim Wheaton, William Wright, Bobby Watson, Sara George, and Annie Lee Nettles.

In our first year of High School we had to guide us, Mrs. Annis Thompson. During this year we lost La Monte Flesher, Alfred Link, Bobby Peacock, Charlie Peacock, Gene Wilkes, and Bobby Watson. We gained no new members.

In our sophomore year we had for our teacher, Mrs. Ruth Metcalf. This year we lost Wendell Hill, William Wright, and Sara George. We gained no new members.

In our Junior year we had Mr. Paul Mikler as our teacher, and lost no members of our class. We gained Richard Llewellyn, Emmett Tanner, and Phyllis McAllister.

Now in our final year nineteen fifty two and three, we have again as our teacher, Mr. Paul Mikler. This year we lost Phyllis McAllister and Ivan Jakubcin. We have gained Warren McCall and Mittie Fleming. This leaves nine of us to receive our diplomas at the end of this year. The class is as follows: Walter Duda, Norman Fore, Jim Wheaton, Richard Llewellyn, Emmett Tanner, Warren McCall, Jo Ann Flemming, Mittie Fleming, and Cernelia Weitmon.

Last Will and Testament

My friends, I have called you, the heirs and assigns of my respected client, the class of 1953, to hear her last will and testament which I drew, before she passed from our presence. If any slight errors appear, we trust you will realize they are not caused by the exhaustion of her brain, even though it was never robust. We hope you will receive your legacies in the spirit of unselfish friendship in which they were given.

We, the Senior Class of 1953, in the town of Oviedo, the county of Seminole, the state of Florida, being in as good mental condition as usual, and in much better temper than usual, do hereby make this, our last will and testament.

And in this manner we do dispose of our possessions.

Warren McCall leaves Bobby Cox his towering height. To Ivan Jakubcin his large feet, and his ability to keep from getting points in Mrs. Thompson's class, to Harvey Joe Slayton.

Cornelia Weitmon wills her small dainty feet to Mrs. Aulin, and to Joan Brown, her most graceful walk.

Richard Llewelleyn bequeaths his manly physique to Glenvel Custer. (Think you can carry it, Glenvel?)

To Harvey Jo, Norman Fore leaves his knock knees.

JoAnn Fleming leaves her ability to get along with Coach, and her sweet disposition to Ann Pierson.

Walter Duda wills to Georgene Parker, his ability to laugh and cut the fool in Mrs. Thompson's Class.

To Ivan Jakubcin, Mickey Fleming leaves her great intelligence, and to Mary Smithson, her key to the dog house. (It doesn't help at times, though.)

Emmett Tanner leaves Freddie Wheaton, his crest of waves, and his ability to play basketball.

To Bob Shaffer, Jim Wheaton leaves his great ability to get along with the teachers, and to Lorne Mathers, his sweet temper.

To the principal, we give and bequeath a sense of relief that we have at last graduated.

Besides all these bequeaths, we leave our best wishes to any and all who may desire them.

Ode To Upper-Classmen

You can tell a Freshman by his silly, eager look.

You can tell a Sophomore because he carries one less book.

You can tell a Junior by his dashing air and such.

And you can tell a Senior, but Boy, you can't tell him much!

Class Prophecy

Listen, ye men and women, youth and maidens, and little children. Listen to the words of wisdom from the lips of your prophet, who speaketh unto you what hath been revealed to her by the powers that be

For as I look into the land of the future, I could discern moving among the dim shadows of the people yet to be, the familiar shapes of those who were once my classmates. And it came to pass, the veil before mine eyes grew thin and behold I could see them, even as if the intervening years were not at all.

First to the meet my intent gaze is our beloved president, Walter Duda, who attended the University of Florida, graduating with high honors. He is now manager of the Wash-house for A. Duda and Sons.

Jim's been in the Navy for twenty years now. He'll retire next week. I'm going to quit my work and take life easy now, says Jim Wheaton.

Looking neat and attractvie in her uniform, we discover Cornelia Weitmon, the First Woman Secretary of the Air Force.

A trip to Texas reveals Norman Fore and Emmett Tanner, who are two of the largest ranch owners in Texas. Perfect husbands have developed from both of them, strange as it seems.

On my return trip I see JoAnn Fleming, who is one of the leading nurses of the country. It is evident that the best looking male patient gets the best care.

Ah, what is this? Hope and Durante out of business????? Their successors are none other than Richard Llewellyn, and Warren McCall, who got their first start in "Dark Doings At The Crossroads."

The Executive Secretary for the M.G.M. Studios is Mickey Fleming. She impatiently pats her foot and glances at the clock for she awaits a date with Mr. Millionaire.

And verily, as I behold this scene and marvelled thereat, the veil was drawn again over mine eyes, shutting out of my vision, the Things To Be, and I turned mine eyes back to the Things That Are. It is my wish that only goodness, truth, and prosperity shall follow all the days that are to come to the fair and talented members of the Class of 1953.

Class Poem

Warren McCall the second of that name;
Is steadily climbing his way to fame.

Walter the Duda, so glum and so fierce;
Makes good grades with sentences too terse.

Jim Wheaton, the worst speller in his class;
Can't do better while talking to a lass.

Norman Fore greets us each day with a smile;
This will help him run his ranch after while.

Emmett Tanner so impulsive and quite;
Has two classes in English, as a steady diet.

Richard Llewellen, so spry and so tall;
Will enter the Navy this very fall.

JoAnn Fleming, our popular May Queen;
Acts like a lady wherever she's seen.

Cornelia Weitmon makes grades with great ease;
She may scorn you at times; but don't mind, please.

Mittie Fleming last to join our classes;
Will meet the world with a smile when she passes.

We know the teachers will be glad when we leave;
After we're gone, how much better they'll breathe.

ATHLETICS

Girls' Basketball

The girls this year are determined and hard working. We have lots of team work and good sportsmanship. After winning our first game, some of our players were out because of sickness. We lost the second game which was with Groveland. After this we really started practicing our passing, foul shots, and rebounds. Our top scorer this year is Shirley Jones, with 211 points. Georgene Parker follows with 128. Our record so far is eight wins and two losses. This is the best season's record we have ever had. With this record we hope to get in the Central Florida Conference and maybe bring home the trophy.

Forwards this year are: Captain Georgene Parker, Shirley Jones, Ann Leinhart, Ann Pierson, Dorothy Simmons, and Shirley Malcolm.

Guards are: Co-Captain Jo Ann Fleming, Cornelia Weitmon, Joan Brown, Pat Walker, and Nadine Bostick.

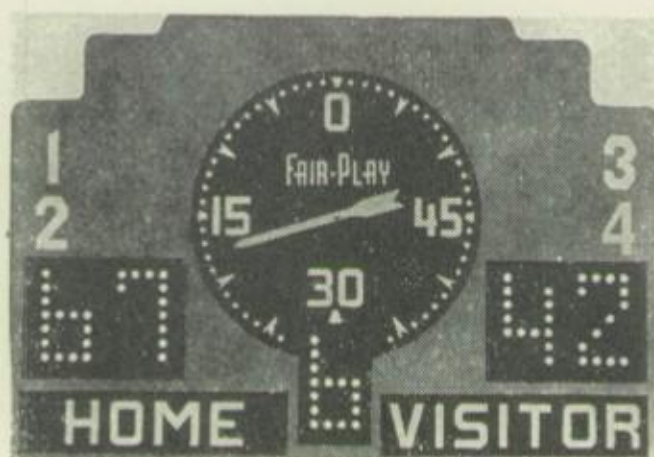

Boys' Basketball

The 1953 Lion quintet is another well balanced team which hopes to win a tournament and break the old jinx. The team was plagued by injuries early in the season, but at present, is enjoying a string of ten consecutive victories. Our season record is eleven victories and only two losses. Only Edgewater of Orlando, and Winter Park were able to defeat us in close games. As we go to press Oviedo is leading the Central Florida Conference with a 10-0 record. Our nearest rival is Mount Dora with a 7-2 record.

The success of our team may be attributed to fine teamwork. Each player performs his job well. Johnny is our high scorer.

The basketball squad consists of: Captain Walter Duda, Freddie Wheaton, Warren McCall, Johnny Jones, Norman Fore, Harvey Joe Slayton, Billy Meek, Richard Wrye, Ronnie Rood, Lorne Mathers, Ray Fore, Richard Llewellyn, Bobby Shaffer, Myron Willis, and Jerden Boatwright,

PAUL MIKLER, Coach

Baseball Club

The 1953 Lions baseball team will have to work hard to develop a good team this year. We lost four key players from our last years team. Replacing them will be a very difficult task.

Walter Duda should be one of the best pitchers in the Conference, and Johnnie will be one of top catchers in the circuit. Keith or Lorne will play first base. Freddie looks like our best prospect for shortstop. Billy will probable play second or third base. Warren and Lorne will also be relief pitchers in addition to playing other positions.

Other members of the squad are the following: Richard Wrye, Charles Mentzer, Norman Fore, Ray Fore, Harvey Joe Slayton, Kenneth Malcolm, Richard Llewellyn, Ronnie Rood, Bobby Standifer, Roy Beistel, Myron Willls, and Jerden Boatwright.

ADVERTISERS

WHERE TO, FRIEND?

GRADUATION comes soon. Then what -- college? A Job? Military Service? Whatever your plans, you'll become more and more aware of the importance of life insurance.

Perhaps you know of someone who will go on to college because wise parents provided funds for education through a policy with the New York Life Insurance Company. You'll want to know about other ways in which life insurance can help you meet adult responsibilities.

For 26 years it has been my privilege to be a life insurance counsellor for the men and women of Sanford and of Seminole County. As I have served many of your parents, so do I look forward to serving you as adult members of our community.

Roy Holler

From the ground up . . .

. . . you can watch your profits multiply if your Florida pasture-land has been properly treated with the vital minerals and other missing elements needed by your cattle. Call a Walker analyst.

Florida's soil problems are an old story to the experienced soil-trained engineers at Walkers.
